# Independent auditor's review report on the interim condensed financial statements

To the shareholders of Saudi Home Loans Company

#### Introduction

We have reviewed the accompanying 31 March 2021 interim condensed financial statements of **Saudi Home Loans Company** ("the Company"), which comprises:

- the interim condensed statement of financial position as at 31 March 2021;
- the interim condensed statement of comprehensive income for the three months period ended 31 March 2021:
- the interim condensed statement of changes in equity for the three months period ended 31 March 2021;
- the interim condensed statement of cash flows for the three months period ended 31 March 2021; and
- the notes to the interim condensed financial statements.

Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with the International Accounting Standard 34: *Interim Financial Reporting* ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

#### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410: Review of Interim Financial Information Performed by the Independent Auditor of the Entity that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 31 March 2021 interim condensed financial statements of **Saudi Home Loans Company** are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

#### **Collateral**

The Company in the ordinary course of lending activities holds collateral as security to mitigate credit risk. These collaterals are primarily title deeds in the name of the Company, for properties that have been leased out to the portfolio of investments in finance lease. As at 31 March 2021, the carrying amount of gross non-performing leases amounted to SR 147.10 million (31 December 2020: SR 159.12 million) and the fair value of identifiable real estate collateral held against them amounted to SR 198.97 million (31 December 2020: SR 211.58 million). The Company has a policy to perform valuation annually on all real estate properties leased out by involving approved appraisers.

#### SAMA program - customer support on deferral of financing

During April 2020, SAMA has issued a guidance to financing companies around providing the necessary support for individual customers that lost their jobs in the private sector due to COVID-19, whether directly or indirectly. Accordingly, the Company has received applications from various customers to avail this SAMA program and has effected the payment reliefs by extending the tenor of the applicable investments in finance lease for six months with no additional costs to be borne by the customer. The accounting impact of these changes in terms of the investments in finance lease has been assessed and are treated as per the requirements of IFRS 9 as modification in terms of arrangement. The Company has deferred the payments amounting to SR 4.44 million for customers and accordingly has recognised modification loss of SR 2.68 million and unwound SR 80,159 for the year ended 31 December 2020 and SR 34,251 for the period ended 31 March 2021. The impact of these modification losses was presented as part of lease finance income.

In response to COVID-19, SAMA launched the *Private Sector Financing Support Program* ("PSFSP") in March 2020 to provide the necessary support to the SME sector, including financing companies, through empowering and facilitating the financing community. Among others, the PSFSP includes deferred payments program which the Company availed.

As part of the deferred payments program, the management based on its assessment of the Company's liquidity has notified the Company's bank lenders during the year where the Company opted to defer payments amounting to SR 352.19 million for six months on its lending facilities by deferring the instalments falling due within the period from 14 March 2020 to 14 September 2020 for a period of six months without increasing the facility tenor. The accounting impact of these changes in terms of the credit facilities has been assessed and are treated as per the requirements of IFRS 9 as modification in terms of arrangement. Since the inception of the deferred payments program by SAMA and by 31 December 2020, the Company has recognised SR 6.60 million of related modification gains. Out of which SR 5.58 million have been unwound for the year ended 31 December 2020 and SR 1.02 have been unwound for the period ended 31 March 2021.

#### 21. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for asset or liability, the principal or the most advantageous market is accessible by the Company.

Financial instruments comprise of investments in finance leases, net.

#### 21. FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

#### Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

All financial assets (including lease receivables) and financial liabilities are measured at amortized cost, except for equity investment which is classified as FVOCI. The carrying amounts of all financial assets and financial liabilities measured at amortized cost approximate their fair values except for net investments in finance leases. The fair value of net investment in finance lease is determined using discounted cash flow technique using credit adjusted SIBOR. The expected rates are determined based on the risk profile of lease receivables and current commission rates.

Tawarruq financing facilities bear floating rate of interest based on SIBOR and hence, there is no material difference between the carrying value and fair value. Other financial liabilities such as accounts payable and accrued expenses and other liabilities approximate their fair values due to them being short-term in nature. There had been no inter-level transfers during the year / period.

The fair value of net investments in finance leases are as follows:

		31 March 2021 (Unaudited)			
Net investments in finance	Carrying value	Level 1	Level 2	<u>Level 3</u>	<u>Total</u>
leases Investments	4,193,847,667 892,850 _	<del></del>		4,463,030,717 892,850	4,463,030,717 892,850

#### 22. CAPITAL MANAGEMENT

The Company manages and controls its capital structure and liquidity needs in order to safeguard the Company's ability to meet its future obligations and growing plans and continue as a going concern. The Company monitors the adequacy of its capital using below measures:

31 March 2021 (Unaudited)	31 December 2020 (Audited)		
22.18%	22.53%		

The capital ratio above is calculated by dividing the Company's total share capital with the weighted average total assets of the Company as at period—end / year-end. The Company has a capital of SR 1 billion (100 million share).

The Company also raised Tawarruq financing to fund investments in finance lease and to help achieve the differential between cost of funds and financing income from net investment in finance lease

#### 23. COMMITMENT AND CONTINGENCIES

Total capital ratio %

The Company faces during its normal activity some lawsuits and other claims related to the nature of its activity. However, significant claims are not expected to result from the outstanding lawsuits as at the financial statements date.
